Robin Wick and Jill Scher unenthusiastically gaze at the computer's stupid questions and wonder how many hundred times they have answered them.

Judy Jean's smile fades as she announces to Jennifer Flowers, Amy Rhoden, and Brenda Delany that the computer is about to self-destruct.

During Journalism, Ms. Joan Boss, yearbook representative, shows senior editors Brenda Delany and Kathy Vercellino the works.

Exhibiting her expertise, Kathy Vercellino explains the art of drawing straight lines without a ruler to Annette Spychalski.

I feel that I was very fortunate to have been the editor of this book for two years. It has been an experience that I'll never forget. Especially this last year with the new computer. Thanks to each and every person who helped make this book come out the way it has, and good luck to next years staff. Now seniors "let's plow".

Kathy Vercellino

In the course of everyone's life there comes a time to cross the bridge from childhood onto adulthood, from a protected life onto the real world. Now that we, the seniors are going off to our adult life I wish to leave you with a message—know that the best things in life are doing what people think you can't. I hope for the best for each senior and am averse about saying good-bye so a "see you in a while" will do.
